

It has come to my attention that the FCC may enact rule changes regarding LPFM that would affect my local broadcasting station. I have been an avid listener and supporter of K-Love, which is heard on FM translators, for years. If these proposed rules were enacted, and LPFM is given priority over FM translator service, I might possibly be unable to receive my K-Love FM signal. I and hundreds of other K-Love listeners and supporters would be seriously affected in a negative way should these changes happen. This comment serves as my protest to these proposed changes, and a recommendation that you reconsider your decision. Sincerely-Marzee Bentley, K-Love listener and supporter
